River Stour Trust for every piece of artwork sold.

Please be aware that we can only accept cash with any
reserves requiring a 50% deposit and your full contact details.

The Artist ~ Richard's work is mainly inspired by the sea. He prefers to work in oils although watercolour also plays a major role. He likes to experiment with different media and styles of painting and considers that art should evolve and progress. Over recent years, he has adopted a more simplistic approach in which colour and shape have become important. He has worked in needlepoint tapestry, woodcarving and ceramics. He now lives with his wife in Sudbury; currently exhibits with a number of Art Societies and is a member of the Suffolk Art Society.
