

S2C 2019 CHECKPOINTS (& meeting locations)

- Your safety number is how we shall identify you as you make your way down the river. Our volunteer marshals will be checking you in and out at the checkpoints (details below).
- You **MUST** check in at each and every checkpoint. This is essential, as failure to do so will result in a search being made for you! If you cannot leave a checkpoint by the time listed below then you will be deemed to have withdrawn from the event.
- If you withdraw from the event at a checkpoint ensure that you tell the person checking you in.
- If you withdraw from the event at any other place ensure that you contact either of our emergency contacts as soon as possible.
