

THE GRANARY SERVICES PORTFOLIO

Please note:

- You are welcome to choose your own suppliers for your function as per our agreed terms of hire. Your chosen supplier/s must be able to provide us with copies of relevant certificates/paperwork proving that they hold current:
 - o Public Liability Insurance
 - o PAT Testing Certificate/s (for any electrical equipment to be brought onto the site)
 - o In the case of food suppliers, they are registered with the environmental health service of their local authority and hold a Food Hygiene Rating score of 3 or more.
- Users (the hirer) are advised to consider obtaining insurance cover for the "third party risks" for which they have a liability.
- The River Stour Trust has its own Public/Products Liability insurance which covers its own liabilities only. A copy of this document is available upon request.
