

*["RST" means the River Stour Trust; "the site" means whichever of The Granary, Quay Lane or the Visitor Education Centre (VEC) and their respective grounds/area where the storage or mooring is located and/or river access granted; "the craft" means the craft or vessel for which the storage, mooring and/or launch access is permitted; "the hirer" means the member who has contracted with the RST for use of this facility]*

Craft mooring/storage is available only to a member of the River Stour Trust. Failure to renew your annual membership is contradictory to the agreed terms.

The Mooring/Storage is provided on an annual basis commencing on the 1<sup>st</sup> January each year. The annual charge is for the designated location and craft (irrespective of whether the space is occupied or not). The Hirer cannot change their location or craft without agreement of the RST.

Hirers are not permitted under any circumstances to transfer any mooring or storage space to any third party.

Craft moored or stored are for private & pleasure use only – no commercial activities other than those expressly approved by the RST are permitted.

The RST has 3<sup>rd</sup> party liability insurance but it is the responsibility of the Hirer to arrange insurances for the craft, registration of the craft to be on the river and any other requirements relating to craft ownership.

The Hirer is responsible for upkeep of their craft and must ensure the craft is adequately secured to its mooring/storage. The Hirer will respond promptly to problems that arise and facilitate moving of their craft should the operational need arise.

Any access keys/codes provided by the RST are solely to permit the Hirer access to their craft and/or the ability to launch the craft from the RST premises.

The site is to be left secure at all times. It is a strict term that keys/codes must not, under any circumstances, be copied, loaned or otherwise provided to third parties. Any keys must be returned to the RST at the termination of the hire or upon request.

The RST has the right to terminate use of the facility at any time without reason. The hirer must remove any craft occupying the storage or mooring space within 14 days or potentially forfeit the ownership of the craft.

The Hirer and visitors to the site must respect the property of the RST, other hirers, and the neighbours of the RST at all times. You must not do (or carelessly fail to do) anything at the site which will cause damage or nuisance to any other person or their property. You accept responsibility for any such damage or nuisance caused by you, other occupants of the craft or your visitors. All refuse must be removed from the site or placed in the appropriate bins.

Public parking is currently available adjacent to The Granary in the Quay Lane Trust car park or the overflow car park past the Quay Theatre. At the Visitor Education Centre (VEC), due to limited spaces, parking is prohibited unless arrangements have been made with the RST.

The RST accepts no responsibility to the Hirer for the use of the grounds and locations where the Hirer has a mooring, storage and/or river access.

All users must abide by our 'Code of Practice' regarding use of our structures and land.

The River Stour Trust reserves the right to alter these Terms and Conditions and charges at any time and without notice.
